The 2007 Event Rules:-

The rules laid down by the organisers are to be adhered to throughout the event, and are to ensure as much as possible the safety of those taking part and others.

*** All speed restrictions must be adhered to at all times during the event.**

*** To avoid any frustration, vehicles will leave the start in groups of five/six and participants should, where possible try and pull in and allow other road users to overtake, thus minimising any potential delays and avoiding a convoy situation with unnecessary grouping of vehicles.**

*** During the event participants should avoid overtaking other participating vehicles unless the other vehicle is stationary.**

*** Marshals are provided in the interest of safety to assist in the parking and movement of vehicles and participants should co-operate fully with any instructions. But all drivers are responsible for safety and security of their own vehicles.**

*** All owners are solely responsible for ensuring their vehicle meet all relevant legal requirements and must be insured against third party risks.**

*** There are sufficient refuelling points on the route.**

*** All entries must be in a clean, complete and safe working order.**

*** No vehicles should be left running unattended.**

General Information:- Please read before commencing run

The run will start this year from **The Millers, North Lurg, Midmar, Aberdeenshire**

The vehicles will be started in small groups at regular interval from 09.30hrs

All participants will be required at start point at The Millers by 09.00 hrs latest

There will also be a stop at Ballater to enable slower vehicles to catch up and allow the team filming the event to get ahead of the group again.

The next scheduled and final stop will be at the Ashgrove Landscaping and Garden Centre, Cairnie, Huntly on the A96 where all vehicles and drivers will be ready for a break.

Marshals provided by the Gordon Advanced Motorists (Inverurie) will monitor the parking of vehicles, and pedestrian safety.
